CUSTOMER INFORMATION SHEET (CIS)

Guide to the CIS

This document provides key information about your Freshwater Fish insurance policy. You are also advised to go through your policy document.

Sl No	Title	Description	Policy Clause Number
1	**Product Name**	**Freshwater Fish Insurance**	
2	**Unique Identification Number (UIN) allotted by IRDAI**	IRDAN545RPMS0046V01202526	
3	**Structure**	Indemnity Policy	
4	**Interests insured**	Section I (Fish Stock – Basic cover) Section II (Fish Stock – Diseases cover) Section III (Aquaculture Unit Cover)	
5	**Sum Insured**	I. **For Fish Stock:** The Input Cost declared by the Insured and accepted by the Company, representing the maximum limit of the Company's liability under this Policy for loss or damage to the insured Fish stock. II. **For Aquaculture Unit Structure**: The Reinstatement Value declared by the Insured and accepted by the Company, representing the maximum limit of the Company's liability under this Policy for loss or damage to the insured Aquaculture Unit structures.	
6	**Policy Coverage (What the policy covers)**	**Section I** 1. Summer Kill. 2. Poisoning by Third Party. 3. Riot & Strike. 4. Malicious Acts of third parties. 5. Earthquake. 6. Explosion / Implosion. 7. Storm, Cyclone, Tempest, Typhoon, Hurricane, Tornado, Volcanic eruption and/or other convulsions of nature. 8. Flood and Inundation due to tidal effect (Normal Tide Excluded). 9. Aircraft & other aerial devices or articles dropped there from, impact with any road vehicle and animals. 10. Terrorism.	 IV. A. 1) IV. A. 2) IV. A. 3) IV. A. 4) IV. A. 5) IV. A. 6) IV. A. 7) IV. A. 8) IV. A. 9) IV. A. 10)
7	**Add-on-Cover**	**Section II** 1. Notified disease & Pathogen 2. Viral / Bacterial / Fungal diseases 3. Worm infestation (Monogenetic trematodes, digenetic trematodes and Nematode parasites) 4. Cestode and Namatode parasites 5. Fish leaches or leeches 6. Muscle Necrosis	 IV. B. 1) IV. B. 2) IV. B. 3) IV. B. 4) IV. B. 5) IV. B. 6)

		Section III 1. Fire 2. Storm, Flood, landslide, rockslide, inundation, typhoon, tempest, and hurricane. 3. Lightning 4. Explosion/Implosion caused by Centrifugal forces. 5. Impact by any Rail/Road Vehicle or animal. 6. Aircraft, and other aerial and/or space devices and/or articles dropped therefrom, excluding destruction or damage occasioned by pressure waves caused by such devices. 7. Earthquake, volcanic eruptions and other convulsions of nature.	IV. C. 1) IV. C. 2) IV. C. 3) IV. C. 4) IV. C. 5) IV. C. 6) IV. C. 7)
8	**Loss Participation**	**DEDUCTIBLE / EXCESS CLAUSE** • **Section I & II:** A deductible of twenty percent (20%) shall apply to each and every claim arising during the Policy Period. The Company shall indemnify the Insured up to eighty percent (80%). The remaining twenty percent (20%) shall be borne by the Insured. • **Section III:** The first Rs. 10,000 of each and every loss arising from insured perils shall be borne by the Insured. This excess shall apply per event, per insured Aquaculture unit.	VII. 1) VII. 2)
9	**Exclusions (what the policy does not cover)**	**General Exclusions (Applicable to all Sections)** 1. Claims arising from war, invasion, civil unrest, rebellion, revolution, mutiny, military/ usurped power, seizure, confiscation, detention, or nationalisation/requisition by government or authority. 2. Claims or consequential loss arising from: (i) Ionizing radiation or radioactive contamination from nuclear fuel/waste or nuclear fission. (ii) Nuclear weapons material. (iii) Hazardous properties of any nuclear assembly or component. **Applicable to Section I and II** 1. All diseases (unless the relevant add-on cover is opted for). 2. Partial loss — mortality below 70% of insured fish stock within an aquaculture unit. 3. Malicious or willful injury, intentional killing, poisoning, negligence, or error by the Insured or their representatives. 4. Incorrect or excessive use of drugs, chemicals, or water-quality agents. 5. Unskillful treatment, rough handling, or improper management. 6. Diseases or mortalities due to poor nutrition, substandard feed, or management failures. 7. Predators or competitor species (birds, snakes, otters, weed fish, etc.). 8. Low water levels, asphyxia, or poor water quality (pH, ammonia, salinity, etc.) unless due to a covered peril. 9. Undergrowth, overcrowding, or cannibalism. 10. Natural mortality. 11. Losses during: (i) Aquaculture Unit cleaning or maintenance, (ii) Sampling for growth/quality, (iii) Transit or transport. 12. Mortality during hatchery-to-farm stocking.	V. A. 1) V. A. 2) V. B. 1) V. B. 2) V. B. 3) V. B. 4) V. B. 5) V. B. 6) V. B. 7) V. B. 8) V. B. 9) V. B. 10) V. B. 11) V. B. 12)

		13. Burglary, poaching, or theft. 14. Clandestine sale or disappearance without verifiable evidence. 15. Fraud or dishonesty by persons managing the fish stock. 16. Destruction of Aquaculture Units/culture as per government or legal orders. 17. Loss of production or profit. 18. Polyculture practices. 19. Consequential losses of any kind. 20. Legal liability of any nature. 21. Harmful algal or plankton blooms, unless caused by a covered climatic peril. 22. Temperature fluctuations not due to a covered peril. 23. Diseases due to poor management or nutritional deficiencies, other than those covered under Section II. 24. Flood or inundation from normal water level variations. 25. Use of fish for purposes other than rearing stated in the Policy Schedule without prior consent. 26. Anything not specifically included within the Policy scope. **Exclusions applicable to Section III** 1. Pollution or contamination, except: (i) When caused by an insured peril; or (ii) When an insured peril results from such pollution or contamination. 2. Loss of earnings, market, delay, or any consequential or indirect loss or damage. 3. Spoilage due to interruption or cessation of operations caused by an insured peril. 4. Theft during or after the occurrence of an insured peril. 5. Missing or untraceable Aquaculture Units not linked to a specific insured event. 6. Reduction in market value of the Aquaculture Unit after repair or reinstatement. 7. Costs or expenses incurred in preparing any claim. 8. Damage due to weakness, settlement, soil consolidation, or natural erosion not caused by an insured peril. 9. Erosion from normal wave action in the Aquaculture Unit. 10. Loss or damage resulting from: (i) Destruction by order of a public authority; or (ii) Subterranean fire. 11. Damage to Aquaculture Units caused by burning (accidental or otherwise), including forest, bush, or land-clearing fires.	V. B. 13) V. B. 14) V. B. 15) V. B. 16) V. B. 17) V. B. 18) V. B. 19) V. B. 20) V. B. 21) V. B. 22) V. B. 23) V. B. 24) V. B. 25) V. B. 26) V. C. 1) V. C. 2) V. C. 3) V. C. 4) V. C. 5) V. C. 6) V. C. 7) V. C. 8) V. C. 9) V. C. 10) V. C. 11)
10	**Special Conditions and Warranties (if any)**	• **Disclosure of Information** Any misrepresentation, mis-description, or non-disclosure of material facts by the Policyholder, whether at inception or renewal, shall render the Policy void and all premiums paid shall be forfeited to the Company. • **Reasonable Care** (a) The Insured shall exercise due care and diligence in managing aquaculture operations, as if uninsured, and shall ensure healthy stocking practices.	VI. 1) VI. 3. a) to b)

		(b) On detecting any pathogenic attack, the Insured shall immediately isolate affected fish and implement all biosecurity measures as per relevant government guidelines.	
		• **Farm Maintenance (The Insured shall ensure)**	
		(a) Proper supervision and technical attention to the farm.	VI. 4. a)
		(b) Regular liming, manuring, de-weeding, and de-silting to maintain soil and water quality, with records maintained.	VI. 4. b)
		(c) Well-maintained bunds, inlets, outlets, and sluice gates to regulate water and prevent escapes.	VI. 4. c)
		(d) Use of healthy, tested seed/fry/fingerlings from licensed hatcheries.	VI. 4. d)
		(e) Periodic water analysis for parameters such as pH, DO, temperature, ammonia, nitrite, etc.	VI. 4. e)
		(f) Immediate removal of diseased or dead fish and control of infections.	VI. 4. f)
		(g) Fortnightly biomass estimation.	VI. 4. g)
		(h) Adequate farm security (24-hour watchman or equivalent measures).	VI. 4. h)
		(i) Reliable power supply and backup systems with maintenance logs.	VI. 4. i)
		(j) Proper scheduling of stocking, feeding, and maintenance operations.	VI. 4. j)
		• **Inspection** The Insured shall permit Company representatives to inspect the aquaculture units, records, and facilities, and comply with any reasonable directions issued by the Company.	VI. 5)
		• **Maintenance of Records** The Insured shall maintain: (a) Daily records of water and soil parameters. (b) Proper records of stocking, feeding, mortalities, sampling, purchases, disease control, survival, growth, and final biomass. (c) Such records must be submitted monthly or upon request by the Company.	VI. 8. a) to c)
		• **Cessation of Risk** Coverage ceases immediately upon harvest, sale, or transfer of interest in the insured fish.	VI. 10)
		• **Emergency Harvesting** In the event of disease outbreak or other emergency, the Insured shall harvest immediately in consultation with the Company. Failure to do so may void liability.	VI. 11)
		• **Fraud** Any fraudulent claim, false statement, or device used to obtain benefits shall forfeit all rights under this Policy. The Company may recover any amount already paid.	VI. 13)
		• **WARRANTIES (**Breach of any of the following warranties shall render this Policy voidable, and the Company may reject any claim under such Policy.)	
		1. The aquaculture unit shall be developed and maintained in accordance with prescribed and established freshwater farming practices.	XIII. 1)
		2. Fish seeds (fry/fingerlings) shall be healthy, of good quality, and procured from licensed or reputed hatcheries/nurseries. Screening, acclimation, and quarantine (where applicable) must be properly carried out and recorded.	XIII. 2)
		3. Feed shall be of high quality, procured from authorized and reputed suppliers, and conform to procedures and standards prescribed by Government Authorities.	XIII. 3)

		4. Stocking density for each species shall not exceed limits prescribed by the relevant Government Agency, subject to adequate biosecurity, reliable power (and backup), and necessary infrastructure. 5. An inter-crop or holiday period (for preparation or stabilization of the unit) must be observed as per norms prescribed by the competent Authority before restocking. 6. In the event of suspected disease outbreak or catastrophic loss, the Insured shall initiate premature harvesting based on expert advice and in consultation with the Company. 7. The farm shall have a sufficient water reservoir as prescribed by the relevant Government Authority. 8. The Insured shall strictly adhere to all norms, guidelines, and stipulations issued by the State/Central Fisheries Department, Fisheries Colleges, Research Institutes, or any other competent authority, as updated from time to time.	XIII. 4) XIII. 5) XIII. 6) XIII. 7) XIII. 8)
11	**Admissibility of Claim**	The Insured shall notify the Company within 24 hours of any event likely to cause a claim and submit a duly filled claim form within 7 days, along with required proofs, statements, and details of any other insurance covering the same risk.	X. A)
12	**Policy Servicing – Claim Intimation and Processing**	Please contact your Policy issuing office, details of which are mentioned in your Policy Schedule.	
13	**Grievance Redressal and Policyholders' Protection**	In case of any grievance, you may contact UIIC through: a. **Website**: www.uiic.co.in b. **Toll Free Number**: 1800 425 333 33 c. **E-Mail**: customercare@uiic.co.in You may also approach the grievance cell at any of our branches with details of the grievance. Alternatively, you may lodge a complaint at the IRDAI Integrated Grievance Management System (https://igms.irda.gov.in/) OR approach the Office of the Insurance Ombudsman in your respective Area/Region. Details of Insurance Ombudsman offices have been provided as Annexure – 1 in the Policy.	
14	**Obligations of the Policyholder**	**Disclosure of Information:** Policyholder is required to disclose all material information such as, but not limited to, pre-existing diseases/conditions etc. as sought in the Proposal form and other connected documents. Non-disclosure, misrepresentation or misdescription of such information may result in claim not being paid and shall make the policy void and all premium paid thereon shall be forfeited to UIIC.	

Declaration by the Policy Holder

I have read the above and confirm having noted the details.
